

Tips to Promote Team Creativity

A creative culture is one where employees are encouraged to generate and contribute ideas. This helps companies innovate and stay competitive when it comes to product or service development.

But creativity can help with day-to-day business too as fresh ideas help solve problems and continuously improve how the work gets done.

In this seminar we look at how creativity can be promoted with a few simple techniques that can work in any environment.

Topics

The following topics are covered:

1. How a busy environment prevents thinking and creativity
2. How to promote creativity day-to-day
3. How to structure meetings to sparking ideas and innovation
